

# June Beginner's Presentation

## Add Control panel shortcut to Start Menu

Microsoft's Creative Update has removed the Control Panel option from the right click Start Menu.

- Search for **Control Panel**.
- Right click on it and select **Pin to Start Menu**.

## Services

- Go to Control Panel and click on **Administrative Tools**.
- Double click to open **Services**.
- Right click on a **Service** and then select **Start, Stop, or Restart**.

## Windows Update Service

- Go to services and turn off the **Windows Update** service.
- Browse to the directory below and **Delete** the content in the path **C:\Windows\SoftwareDistribution\Download**.
- Go to services and turn on the **Windows Update** service.
- Go to **Settings\Update & Security** and select **Check for updates**.

## Printer Service

- Go to services and turn restart the **Print Spooler** service.
